What is a Special Use Permit?

A Special Use Permit is required to establish a small recycling collection facility. The Permit is required in order to regularly monitor the operation of the use to insure the continued compatibility with the surrounding properties. The permit will evaluate the proposal to insure that any impacts such as increased traffic, noise, parking, etc are mitigated. The permits are renewed annually.

The issuance of a Special Use Permit is regulated by Section 84.0625 of the Development Code. A Special Use Permit authorizes the operation of a small collection recycling facility up to 500 square feet. The use must be accessory to a primary commercial or industrial use on the property. Should the project exceed this threshold a Conditional Use Permit shall be required.

Who approves the Special Use Permit?

The Special Use Permit application is reviewed by the Planning Division and is approved by a hearing officer at a permit hearing. If there are unusual circumstances, the application may be forwarded to the Planning Commission for review.

Fees

The fee for processing a Special Use Permit is \$695 and must be paid to the Town at the time the application is filed.
