Ramon Mendoza, Morongo Valley, questioned the definition of "equitable funding" in Item 4. Town Manager Nuaimi advised the resolution the Council is being asked to consider, was modeled after the resolution adopted by the County and requested by the County Supervisor. It does not define what equitable is, but gives an indication that all cities in the county will be united.

Council Member Huntington moved to adopt Consent Agenda Item 2-7. Council Member Lombardo seconded. Motion carried 5-0

DEPARTMENT REPORTS

8. Appointments to Parks, Recreation and Cultural Commission and Planning Commission.

Town Manager Nuaimi reported the positions have been advertised and posted. Applications were received from Curt Duffy and Charles McHenry for the Planning Commission and Lori Herbel for the Parks, Recreation and Cultural Commission.

Curt Duffy, Yucca Valley, advised of his background and qualifications.

Lori Herbel, Yucca Valley, gave her background and qualifications.

Council Member Leone advised that after going over the applications and background, he has chosen Curt Duffy for Planning Commission. He feels he is a good choice because the position takes a lot of reading and can be quite complex. Land use is an important issue in a growing community. Lori Herbel is his choice for Parks, Recreation and Cultural Commission because she was a former member of the Commission and the Town Council and is active in the basin.

Council Member Leone moved to nominate Curt Duffy to the Planning Commission. Motion died for lack of a second.

Council Member Leone moved to nominate Lori Herbel to the Parks, Recreation and Cultural Commission. Council Member Huntington seconded.

Council Member Rowe advised her concerns are not specific to the individuals nominated, but the process of announcing the choices before the positions had been advertised and applicants brought forward for discussion.

Mayor Abel commented that Council Members do have a right to make recommendations for appointments, however, there are bylaws and checks and balances, and Council has to ratify those appointments. He also expressed concern about the announcements being made even before the positions were officially advertised and posted.

Council Member Rowe commented she is more concerned about the Planning Commission than the Parks, Recreation and Cultural commission noting the Town is in the middle of a General Plan update and Development Code rewrite which are very technical. For that reason she made a substitute motion to leave the current Commissioner in place on the Planning Commission to have that continuum through the general plan update.

Mayor Abel expressed concern that there is a need to review the roles and schedules of the existing commissions due to the staff restructuring and loss of key positions.

Council Member Leone stated he would like to leave the Parks, Recreation and Cultural Commission position open so that others can apply. In meantime he will reappoint Michael Hildebrand to serve on the Planning Commission, but will not choose Jennifer Collins for the Parks, Recreation and Cultural Commission.

Council Member Rowe's substitute motion died for lack of a second.

Council Member Leone advised he did make a substitute motion to leave the position open on the Parks and Recreation Commission.

Council Member Huntington stated he is more concerned about the Planning Commission than about the Parks, Recreation and Cultural Commission which is why he seconded Ms. Herbel's nomination. The Planning Commission is in the middle of two huge projects getting the General Plan and Development Code out. Charles McHenry would have been a better choice due to his position on the General Plan Advisory Committee. He noted he appreciates Mr. Duffy's qualifications but does not see anything related to land use or planning, in addition to being a short time resident, which has bearing on his knowledge of the Community.

Town Attorney Laymon advised a substitute motion was made by Council Member Leone to retain Commissioner Hildebrand on the Planning Commission, remove Parks Commissioner Collins and keep the process open to review applications for Parks, Recreation and Cultural Commission. Council Member Leone agreed. Mayor Abel seconded the substitute motion.

Ramon Mendoza, Morongo Valley, spoke in opposition noting Council Member Leone deserves to have his appointments seconded.

Ray Packard, Yucca Valley, spoke in opposition.

Nancy McHenry, Yucca Valley, stated that her husband didn't get an interview, call or anything in relation to his application.

Jim Walker, Yucca Valley, spoke in opposition questioning if there is a residency requirement.

Dr. Jones Poland, Yucca Valley, commented the Town Manager doesn't live in Town.

Scott McKone, Yucca Valley, commented regarding the ruling change.

Phyllis Lyte, Yucca Valley, questioned the voting procedures on the motions.

Curt Duffy, Yucca Valley, spoke regarding why he submitted his application.

Margo Sturges, Yucca Valley, commented the Council is denying their own rules and regulations.

Jennifer Collins, Yucca Valley, commented she has served on the Parks, Recreation and Cultural Commission for over 4 years and noted she was originally appointed by past Council Member Herbel.

Town Attorney Laymon repeated the motion. Motion carried 4-1 on a roll call vote.

9. FY 2013/14 Baseline Budget Update.

Town Manager Nuaimi advised there has been a lot of misreporting about what will and will not be funded. Last week reorganization was implemented for this Town that affected a number of positions and a number of valued employees. Every employee in this organization provides premiere service to this community and every service we provide is valued. We are trying to balance what has been a very challenging budget since about 2010. He noted there are about 20 cards of citizens wishing to speak and expressed appreciation for everyone's time.

Administrative Services Director Yakimow gave an update on the budget, advising there will also be a budget workshop on Saturday, April 6, 2013 from 9:00 a.m. to 11:00 a.m. He noted that significant changes to the budget since the last workshop include early retirement staff changes, organizational staff changes, reduction in sales tax growth rate to 2%, property growth rate is estimated at 2%, there are no election expenses included, the Public Safety contract increases 3.8% which includes the Sheriff's Safety Specialist, and the Successor Agency allocation continues at \$200,000. With regard to the Successor Agency he noted that the funds for administrative expenses as well as the enforceable obligations that are allowed by the state for the Successor Agency is subject to tax increment that the agency receives. We are starting to see that tax increment declining, based on assessed values in our commercial area, so if the tax increment isn't there the expenses need to be picked up by the General Fund.

The organizational changes include 6 full time employees opting to take the early retirement incentive program and 3 full time employees affected by reduction in work

force. Some of those positions will be backfilled to assure continuity in the organization. The resulting savings are estimated to be \$700,000 annually.

Town Manager Nuaimi commented regarding the fact that the Town provides services to the entire basin, noting Council has delivered that message to the County Supervisors and staff as well as to the School District. He encouraged citizens in the audience to also attend County Board of Supervisors and School District meetings to add additional influence to those entities.

Administrative Services Director Yakimow advised the proposed changes take the originally estimated budget deficit of \$388,000 to a surplus of \$293,000. There are still ongoing concerns and unfunded liabilities such as infrastructure maintenance, Brehm Park maintenance, retirement increases and other post-employment benefits. Partnership requests for funding are in the amount of \$43,000 for things such as the Rotary fireworks, youth park maintenance, festival of lights parade, the tennis program, adult literacy, Unity Home and adult health services.

Town Manager Nuaimi advised that the \$10,000 Rotary fireworks allocation last year was provided by County Supervisor Derry and passed through the Town. With regard to the aquatics program, the pool use is going to be maintained for the high school swim team, and the aquatics program is being discussed. There have also been a lot of comments regarding the museum being closed, which is not the case, but it is incumbent on the Town to figure out how to maintain services after retirements. You don't lose 17% of an organization without having an impact.

Mayor Abel opened the floor to public comments.

Shirley Anderson, Yucca Valley, spoke on behalf of the pool and its use for physical rehabilitation.

Bonnie Brady, Yucca Valley, commented regarding the need for programs such as the 4th of July fireworks, the pool, concerts and museum.

Carol Hall Husband, Yucca Valley, spoke in support of the pool that some use because of physical needs.

Dora Poland, Yucca Valley, spoke in support of the concerts and pool and suggested Council forgo their medical and monthly stipend.

Charles McHenry, Yucca Valley, commented that the departments serving the community as a whole are the ones that are getting cut the most. Leaving one person at the museum doesn't give him a warm fuzzy feeling.

Raquel Reed, Yucca Valley, spoke in support of keeping the swim program.

Reggie Ponsford, Yucca Valley, commented that a good portion of the kids in the audience are on the swim team and another portion of them use the pool to keep in shape between school years.

Amanda Garcia, Joshua Tree, commented regarding the importance of swimming to her family, and the impact it has had.

Jake Frank, Yucca Valley, Team Captain for YVHS Swim Team advised the team is preparing to spearhead discussions and negotiations with the School District to try to get their support for the pool and would appreciate it if the Town would hold off on making changes to budget at this point.

Sarah Bartlett, Morongo Valley, commented she likes visiting the animals at the Hi Desert Nature Museum and having the pool during the hot summer months is very important.

Kari Cozza, Huntington Beach, commented regarding being here on spring break with her son, and is grateful to have the opportunity to enjoy pool and community.

Trent Cozza, Huntington Beach, advised he is a CIF Division 1 swimmer at his high school. If the pool wasn't here for him to practice he would not be able to leave home and visit here during spring break.

Charlotte Poland, Yucca Valley, read a note regarding the need for the pool.

Annabelle Poland, Yucca Valley, asked the Council not to close the pool.

Edith Jones Poland, Yucca Valley, spoke in opposition to cutting the aquatics program and reorganization that harms the museum.

John Babrowski, Yucca Valley, representing the Rotary Club of Yucca Valley, requested support for the fireworks. If the requested amount isn't feasible please don't say no to a lesser amount. They are working with other organizations for proposals and contributions.

John Foy, Yucca Valley, Yucca Valley High School swim coach commented that swimming is a life skill.

Rebecca Pessa, Yucca Valley, thanked the Council for their consideration of keeping the pool open.

Loya Howell, Yucca Valley, spoke in support of the swim program and fireworks, noting if the swim program isn't available they will have to go to Palm Springs and give them their money.

Kari Grimes, Yucca Valley, advised the Special Olympics athletes swim at the pool. Asked the Council not to close the pool, and the members of the audience to call their representatives asking for help.

Aaron Ahmadi, Yucca Valley, commented regarding the safety issue of taking the pool away, suggested the use of solar energy to heat it.

Patience McDowell, Yucca Valley, spoke in support of the pool.

Sage Bernardini-Smith, Yucca Valley, commented regarding the importance of the swimming program.

Joshua Goddard, Yucca Valley, commented in support of the pool.

Andrea Garcia, Yucca Valley, spoke in support of the pool.

Lisa Muscari, Yucca Valley, commented regarding the importance of the swim team in their lives. Noted if there aren't little kids learning to swim they will have no feeder program for the high school swim team.

Jennifer Kolisz, Yucca Valley, commented in support of the summer programs.

Lori Herbel, Yucca Valley, commented regarding Council's priorities.

Ramon Mendoza, Morongo Valley, stated he would like to know more about the early retirement. He also commented regarding the need to talk to the School District.

John Yonushonis, Yucca Valley, spoke in support of funding for the Morongo Basin Senior Support Center.

Phyllis Lyte, Yucca Valley, spoke in support of the museum and funding for the adult literacy program.

Faith McAllen, Yucca Valley, Capt. of the girls varsity swim team, commented in support of the pool.

Kathy Goddard, Yucca Valley, commented in support of the pool.

Sheldon Hough, Yucca Valley, commented regarding the popularity of the fireworks

display and the importance of the pool.

Susan Shannon, Yucca Valley, commented that 36 years ago she lost a 2 ½ year old son to drowning, which made swim instruction an urgent priority in her family. Her remaining children all learned to swim.

Tara Paigentini, Yucca Valley, spoke in favor of the pool noting she would be willing to pay an increased fee to use it.

Kimberly Wiederhold, Joshua Tree, Director of summer program for Joshua Springs commented regarding the need for the pool and how much money would be spent down the hill without it.

Andrea Nicole Rivera, Yucca Valley, asked the Council to please not close the pool.

Margo Sturges, Yucca Valley, commented there is an overage from construction of the dog park so there is plenty of money for the pool and concerts for the next couple of years.

Town Manager Nuaimi answered questions regarding how the budget is developed starting with the annual goal setting workshop in January.

Mayor Abel expressed appreciation to those who gave their concerns and offered possible solutions.

Council Member Lombardo commented it is very obvious the Town is not willing to lose the benefits of pool, museum and other services. We must work together to prioritize our wants, and the School District has to be part of the solution. Council has heard loud and clear the need to save the pool and museum, but it can't be just the town. We will all have to take money out of our pockets to help fund the things we value. He donated \$500.00 and asked all the other dentists in the community to match that amount.

Council Member Rowe commented that we have some ideas for the pool, clarifying that tonight's discussion is an overview of the budget, not a line item by line item review. Administrative Services Director Yakimow noted that comments will also be taken on Saturday. Town Manager Nuaimi commented that staff heard from many that they are willing to pay higher fees, but we can't go crazy and drive people away by raising fees to where they are no longer competitive. We will do the best we can to identify other funding and don't want to overprice the programs to where no one uses it.

Mayor Abel reiterated that the Council will be having another budget workshop on Saturday, April 6, 2013 from 9:00 a.m. to 11:00 a.m.

Council Member Leone advised he has heard the residents loud and clear that quality of life issues are extremely important. He still feels there is a lot of waste in government and we have to look closely to see where we might be able to cut to save these quality of life programs.

Council Member Huntington agreed that quality of life issues are very important noting Council will work diligently to maintain them the best we can. We don't want to destroy or close anything that we can't restore.

Town Manager Nuaimi added when you look at the baseline budget and take out the costs for Animal Control there is currently \$1,000,000 budgeted for Community Services, which is not an insignificant amount of money.

Council Member Lombardo moved to receive the updated baseline budget report for the 2013-14 fiscal year, and approve the Agreement of Separation, Severance and General Release in form, and authorize the Town Manager to make non-substantive changes as needed and execute the agreements with the following eligible employees: James Schooler; Janet ("Jamie") Anderson; Lynne Richardson; Linda Wright; Christine Lewis; and Janine Cleveland. Council Member Rowe seconded. Motion carried 5-0

FUTURE AGENDA ITEMS

Mayor Abel requested review of commissions. Town Manager Nuaimi requested that be discussed after budget adoption.

PUBLIC COMMENT

Ramon Mendoza, Morongo Valley, commented regarding the employees who are leaving stating they are going to be missed. Agreed with the need to hold the fireworks display due to the potential fire danger without it. There is also a need to make sure there is enough money for the Sheriffs.

Charles McHenry, Yucca Valley, wished Community Services Director Schooler and Town Clerk Anderson well in retirement, noting they will be hard to replace. Commented regarding the ceremony for Minerva Hoyt last Wednesday and thanked Council Members Huntington, Leone and Rowe for attending.

Margo Sturges, Yucca Valley, thanked everyone for showing up this evening, commented it was condescending to tell people they are going to have to pay more out of their pocket. Asked the Town Manager not to talk so much.

Jim Babb, Landers, questioned the Council's decision regarding Mr. Duffy.

Lori Herbel, Yucca Valley, questioned why there isn't enough money for programs all of a sudden.

STAFF REPORTS AND COMMENTS

Town Manager Nuaimi stated that Council has hired him to answer questions, it is his job. His role is to continue to provide information to the Council so they can make policy decisions. Advised he will sit down with Mr. Mendoza and anyone else to answer questions and go over the budget.

MAYOR AND COUNCIL MEMBER REPORTS AND COMMENTS

10. Council Member Leone

Commented he was not surprised by the outcome of his commission selections, wondered if Council Members made their opposition know in the public with the other Council Members present and whether or not there might be a Brown Act violation.

11. Council Member Rowe

Commented she had no opposition to the candidate choice, it was the process and the pre-announcement.

Thanked the Chamber of Commerce and the Marines for the work they did on the west end of Town.

Thanked staff for putting together the successful Easter egg hunt.

12. Council Member Huntington

Advised his opposition to Mr. Duffy was only stated in a personal phone call to Council Member Leone

Advised he enjoyed attending the Mt. Minerva presentation and appreciated that the recognition went to Steve and Ruth Rieman.

Reported regarding attendance at the dedication of the newly expanded Greenleaf Library at Copper Mountain College, noting he was surprised to learn that it was a public library

Commented regarding the progress at the animal shelter construction site.

13. Mayor Pro Tem Lombardo

Expressed shock about some of what went on tonight noting he loves this town and wants to see it prosper and grow. Everyone needs to find ways to be a little more supportive of the Town and its programs, and he doesn't understand the attitude he received for trying to participate and help. We all have to stand together and make through until times are better.

14. Mayor Abel

Thanked all those who did attend tonight to be a part of process. Council got a lot of good information and specific reasons to support a program. Council has a lot of hard decisions to make.

Advised he spoke to the area representative for Senator Barbara Boxer about the condition of the road to the Black Rock Campground.

Thanked Commissioner Collins for all her hard work and dedication noting it is a thankless job sometimes and Council appreciates those who apply and are appointed.

Advised that the CHP is actively enforcing the law regarding use of hand held electronic devices this month.

Never Leave Your Child Alone in the Car

Top Tips for Preventing Hyperthermia

Since 1998, more than 500 children across the U.S. have died as a result of hyperthermia (also known as heat stroke). For every child who dies after being left alone in a hot car, hundreds more are near misses - those rescued before a fatality. Together we can reduce the number of deaths and near misses by remembering to **ACT**.

Remember ACT

- Avoid heat stroke-related injury and death by:
 - o Never leaving your child alone in the car, even for a minute.
 - Consistently locking unattended vehicle doors and trunks.
- Create reminders and habits that give you and your child's caregiver a safety net:
 - Establish a peace-of-mind plan. When you drop off your child, make a habit of calling or texting all
 other caregivers, so all of you know where your child is at all times.
 - Place a purse, briefcase, gym bag, cell phone or an item that is needed at your next stop in a back seat.
 - Set the alarm on your cell phone or computer calendar as a reminder to drop your child off at childcare.
- Take action if you see an unattended child in a vehicle:
 - Dial 911 immediately and follow the instructions that emergency personnel provide they are trained to determine if a child is in danger.

Discussion: AB1234 requires members of a legislative body to report on "meetings" attended at public expense at the next meeting of the legislative body. "Meetings" for purpose of this section are tied to the Brown Act meaning of the term: any congregation of a majority of the members of a legislative body at the same time and place to hear, discuss, or deliberate upon any item that is within the subject matter jurisdiction of the legislative body or the local agency to which it pertains. Qualifying expenses include reimbursement to the member related to meals, lodging, and travel.

An example of when a report is required is when a Town Council member represents his or her agency on a joint powers agency board and the Town pays for the official's expenses in serving in that representative capacity. Additionally, in the spirit of AB1234, the Yucca Valley Town Council also reports all travel related to conference and training attended at public expense.

Fiscal impact: There is no anticipated financial impact associated with the recommended approval of AB1234 reporting requirements.

Date:

For Council Meeting: April 16, 2013

Subject:

Fee schedule - Community Services Department programs and services

Prior Council Review: The Town Council periodically considers recommendations for amendments to the fee structure pertaining to Community Services Department programs, events and services.

Recommendation: Move to adopt the resolution approving fees for certain Community Services Department programs and services.

Summary: In conjunction with the annual budget development process, staff has reviewed the schedule of fees charged to participants and sponsors of Community Services Department programs and services. While most of the charges were found to be comparable to other similar jurisdictions and to provide a reasonable cost recovery. some recommendations are made to adjust certain fees. Additionally, some new charges are proposed in association with new programs and revenue-producing opportunities.

Order of Procedure:

Request Staff Report Request Public Comment Council Discussion / Questions of Staff Motion/Second Discussion on Motion Call the Question (Voice vote)

Discussion: The Community Services Department collects participant fees for most of the recreational programs, activities and events and some of the museum programs offered through the department. In general, the amount of the fee is comparable to the fees charged for similar services by other jurisdictions, with consideration to local market conditions and the Town's cost-recovery policy. Although few of the fees charged by the Town represent a full recovery of the program costs, the price structure does attempt to recover a reasonable percentage of the Town's costs to provide the activity.

The discussions at recent strategic planning and budget preparation sessions

Reviewed By:	Town Manager	Town Attorney	Mgmt Services	Dept Head

have prompted a review of fees for upcoming programs and indicated that some of the Town's fees should be adjusted. Staff is recommending that certain fees be increased to provide a higher level of cost recovery. The recommendations that follow only address summer and late summer programs and events; it is anticipated that a more comprehensive re-structuring of fees will be proposed following re-organization of Town departments.

Division	Program/Event	Current	Proposed
Museum	Art & Culture Wednesdays Lectures	No charge	\$2 per person
Museum	Brown Bag Lunch Lectures	No charge	\$5 per person
Museum	Starry Nights Event	No charge	\$5 per person
Aquatics	Swim Lessons	\$4.50 - \$5 per lesson	\$5.50 - \$6 per lesson
Aquatics	Water Aerobics Class	\$2 per meeting	\$4 per meeting

Aquatics	Recreational (Fun) Swim	\$3 per session	\$4 per session
Aquatics	Special Events	varies	\$4 per person
Recreation	Summer Camp Activities	varies	80% cost recovery

Alternatives: Decline to approve the amended fee schedules.

Fiscal impact: Undetermined at this time, but approval of the amended fees will result in an increase in revenues and a higher percentage of program cost recovery.

Subject: Community Center Playground Improvement – Town Project No. 8961

Approval of Plans and Specifications

Authorization to Advertise for Construction

Prior Council Review: The Town Council previously allocated three years of Community Development Block Grant (CDBG) funds to the renovation of the Community Center Playground, including the addition of a splash park amenity to the facility. The Town Council appropriated these funds in the FY 2012/2013 adopted budget. On October 4, 2011, the Town Council authorized advertisement of the Request for Proposal (RFP) for the park design and the preparation of bid ready construction drawings. On January 17, 2012, the Town Council awarded the design contract to RJM Design Group. The Town Council authorized project bidding at its meeting of September 18, 2012. At the Town Council meeting of December 4, 2012, the Town Council rejected all bids and directed staff to return to the Town Council at the time of CDBG funding allocation for further consideration.

At the meeting of February 19, 2013, the Town Council directed staff to proceed with the Community Center Playground Improvement and Splash Park project, approving modifications to the project design for this phase to include only the replacement of playground equipment in the current site configuration, and directed staff proceed with replacement of playground equipment and associated recreational infrastructure at Paradise Park, and authorizing the submittal of all necessary documents to the County of San Bernardino necessary to secure the Community Development Block Grant funds for both project sites.

Recommendation: That the Town Council adopts the Resolution, approves the plans and specifications for Project No. 8961, and authorizes the Town Clerk to advertise and receive bids, subject to San Bernardino County final approvals.

Discussion: The Community Center Playground Improvement project includes the replacement of the existing playground equipment, as well as replacing the existing sand with wood chips for ADA access.

The playground equipment is designed for both the 2 to 5 and 5 to 12 year old age groups. The project is also designed to allow for removal of the sand volleyball court and construction of the splash pad in a subsequent phase.

Project Plans & Specifications are on file in the Town Clerk's Office for review.

The Paradise Park improvement project will be brought forward to the Town Council for action following County approvals tentatively scheduled for July 2013.

Alternatives: Staff recommends no alternative actions.

Fiscal impact: Approximately \$325,000 in CDBG funds remains for both the Community Center and Paradise Park projects. The Community Center project is designed with an estimated cost of \$175,000 to \$200,000.

Bids must be made on a form provided for the purpose, addressed to the Town of Yucca Valley marked: Bid for Construction of:

COMMUNITY CENTER PLAYGROUND IMPROVEMENTS – PROJECT No. 8961, CDBG 123-35102/3280

PREVAILING WAGE: Notice is hereby given that in accordance with the provisions of California Labor Code, Division 2, Part 7, Chapter 1, Articles 1 and 2, the Contractor is required to pay not less than the general prevailing rate of per diem wages for work of a similar character

in the locality in which the public work is performed, and not less than the general prevailing rate of per diem wages for holiday and overtime work. In that regard, the Director of the Department of Industrial Relations of the State of California is required to and has determined such general prevailing rates of per diem wages. Copies of such prevailing rates of per diem wages are on file in the office of the Town Clerk, 57090 29 Palms Highway, Yucca Valley, California, and are available to any interested party on request. The Town also shall cause a copy of such determinations to be posted at the job site.

Pursuant to Labor Code § 1775, the Contractor shall forfeit, as penalty to the Town, not more than fifty dollars (\$50.00) for each laborer, workman, or mechanic employed for each calendar day or portion thereof, if such laborer, workman, or mechanic is paid less than the general prevailing rate of wages hereinbefore stipulated for any work done under the contract, by him or by any subcontractor under him, in violation of the provisions of said Labor Code.

In accordance with the provisions of § 1777.5 of the Labor Code, as amended, and in accordance with the regulations of the California Apprenticeship Council, properly indentured apprentices may be employed in the prosecution of the work.

Attention is directed to the provisions in §§ 1777.5 and 1777.6 of the Labor Code concerning the employment of apprentices by the Contractor or any subcontractor under him.

- § 1777.5, as amended, requires the Contractor or subcontractor employing tradesmen in any apprenticeable occupation to apply to the joint apprenticeship committee nearest the site of the public works project and which administers the apprenticeship program in that trade for a certificate of approval. The certificate will also fix the ratio of apprentices to journeymen that will be used in the performance of the contract. The ratio of apprentices to journeymen in such cases shall not be less than one to five except:
 - A. When employment in the area of coverage by the joint apprenticeship committee has exceeded an average of 15 percent in the 90 days prior to the request for certificate, or
 - B. When the number of apprentices in training in the area exceeds a ratio of one to five, or
 - C. When the trade can show that it is replacing at least 1/30 of its membership through apprenticeship training on an annual basis statewide or locally, or
 - D. When the Contractor provides evidence that he employs registered apprentices on all of his contracts on an annual average of not less than one apprentice to eight journeymen.

The Contractor is required to make contributions to funds established for the administration of apprenticeship programs if he employs registered apprentices or journeymen in any apprenticeable trade on such contracts and if other contractors on the public works site are making such contributions.

The Contractor and subcontractor under him shall comply with the requirements of §§ 1777.5 and 1777.6 in the employment of apprentices.

Information relative to apprenticeship standards, wage schedules, and other requirements may be obtained from the Director of Industrial Relations, *ex-officio* the Administrator of

Apprenticeship, San Francisco, California, or from the Division of Apprenticeship Standards and its branch offices.

Eight (8) hours of labor shall constitute a legal day's work for all workmen employed in the execution of this contract and the Contractor and any subcontractor under him shall comply with and be governed by the laws of the State of California having to do with working hours as set forth in Division 2, Part 7, Chapter 1, Article 3 of the Labor Code of the State of California as amended.

The Contractor shall forfeit, as a penalty to the Town, twenty-five dollars (\$25.00) for each laborer, workman, or mechanic employed in the execution of the contract, by him or any subcontractor under him, upon any of the work hereinbefore mentioned, for each calendar day during which said laborer, workman, or mechanic is required or permitted to labor more than eight (8) hours in violation of said Labor Code.

Contractor agrees to pay travel and subsistence pay to each workman needed to execute the work required by this contract as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Labor Code § 1773.8.

The bidder must submit with his proposal cash, cashier's check, certified check, or bidder's bond, payable to the Town for an amount equal to at least ten percent (10%) of the amount of said bid as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him, and in event of failure to enter into such contract said cash, cashier's check, certified check, or bond shall become the property of the Town.

If the Town awards the contract to the next lowest bidder, the amount of the lowest bidder's security shall be applied by the Town to the difference between the low bid and the second lowest bid, and the surplus, if any, shall be returned to the lowest bidder.

The amount of the bond to be given to secure a faithful performance of the contract for said work shall be one hundred percent (100%) of the contract price thereof, and an additional bond in an amount equal to one hundred (100%) of the contract price for said work (except as otherwise modified in the General Provisions section of the contract documents) shall be given to secure the payment of claims for any materials or supplies furnished for the performance of the work contracted to be done by the Contractor, or any work or labor of any kind done thereon, and the Contractor will also be required to furnish a certificate that he carries compensation insurance covering his employees upon work to be done under contract which may be entered into between him and the said Town for the construction of said work.

No proposal will be considered from a Contractor who is not properly licensed as required by the Notice Inviting Bids at time of bid in accordance with the provisions of the Contractor's License Law (California Business and Professions Code, § 7000, et seq.) and rules and regulations adopted pursuant thereto or to whom a proposal form has not been issued by the Town.

The work is to be done in accordance with the profiles, plans, and specifications of the Town of Yucca Valley on file in the Office of the Town Clerk. Copies of the plans and specifications will be furnished upon application to the Town and payment of \$35.00, said \$35.00 is nonrefundable.

Upon written request by the bidder, copies of the plans and specifications will be mailed when said request is accompanied by payment stipulated above, together with an additional non-reimbursable payment of \$15.00 to cover the cost of mailing charges and overhead.

The successful bidder will be required to enter into a contract satisfactory to the Town.

In accordance with the requirements of the General Provisions, as set forth in the Plans and Specifications regarding the work contracted to be done by the Contractor, the Contractor may, upon the Contractor's request and at the Contractor's sole cost and expense, substitute authorized securities in lieu of moneys withheld (performance retention).

The Town of Yucca Valley reserves the right to reject any and all bids.

SR 62 @ Dumosa Avenue

Approximately sixty feet (60') by one hundred feet (100') easement(s) on both

the northwest and northeast corners of Dumosa Avenue @ SR 62

APN 595-371-11

Prior Council Review: There has been no prior review of this matter.

Recommendation: That the Town Council approves the Resolution, declaring the intent to vacate an approximate 60' x 100' easement at the intersection of SR 62 and Dumosa Avenue, as identified on Exhibit A to this staff report, being a portion of APN 595-371-11, and setting a Public Hearing for May 21, 2013 at 6:00 P.M.

Executive Summary: At their meeting of April 9, 2013, the Planning Commission determined the requirements for vacating public road easements on Dumosa Avenue were satisfied, as the easements identified are not necessary for future circulation purposes nor are they necessary for existing or future access for other properties in the surrounding area. The Planning Commission voted unanimously to approve the application to vacate the street easements.

Discussion: Public agencies are required to obtain right-of-way or easements for construction of public improvements including roadways, flood control facilities and other public works improvements.

Planning for future extensions and expansions of public works projects requires that local agencies acquire right-of-way or easements years in advance of the actual construction projects. There are other situations where right-of-way or easements have been acquired and utilized for their intended purpose, but as the Town grows and roadways are improved and realigned, certain right-of-ways or easements no longer serve their original purpose.

An easement for roadway and utility purposes was granted to the County of San Bernardino in 1962 for SR 62, Outer Highway North, both east and west of Dumosa Avenue. In 1975, the County Board of Supervisors adopted a Resolution approving the vacation of a portion of the easement granted in 1962. It is unknown why a portion of the original 1962 easement was not vacated in 1975. But it is likely that the County was reserving a portion of the original easement for potential intersection improvements for SR 62 @ Dumosa Avenue.

The historical development patterns on the north side of SR 62, between Barberry Avenue and SR 247, have realized the elimination of SR 62, Outer Highway North in a number of locations. This elimination includes properties currently occupied by Carrows Restaurant, Sizzler Restaurant, the Super 8 Motel, the vacant parcel approved for the Senior Housing Project to the south of the Community Center Complex, and the Food 4 Less shopping center. Based upon these historical actions and development patterns, SR 62, Outer Highway North, will not be developed between Barberry Avenue and SR 247. Therefore the remnant easement is not necessary for general access for any property owner, for circulation within the community, or for General Plan or General Plan Circulation Element implementation.

Subsequent to the April 9, 2013 Planning Commission meeting, detailed engineering analysis determined that Dumosa Avenue is currently held in fee-title and not the typical street and utility easement structure. In anticipation of Caltrans permitting processes, staff has modified the recommended vacation area so that the existing easement will remain where necessary for traffic signal construction. This approach is designed to eliminate any difficulties with Caltrans permitting processes and requirements.

As the Town Council is aware, the Town is seeking Major Local Highways (MLH) funding through San Bernardino Associated Governments for this project. The Morongo Basin Sub-Area representatives are scheduled to meet on April 24, 2013 to discuss and recommend project funding.

Alternatives: Staff recommends no alternative action.

Subject: Resolution No. 13-

California Federal Land Access Program (Access Program) Authorization to

Submit Grant Application

Acceptance of Black Rock Canyon Road after improvements into Town

Maintained Road System

Prior Council Review: There has been no prior review of this matter.

Recommendation: That the Town Council adopts the Resolution, authorizing the submittal of an application under the California Federal Land Access Program for construction/reconstruction of Black Rock Canyon Road, committing to acceptance of Black Rock Canyon Road into the Town's Maintained Road System following construction of the improvements, and authorizing the Town Manager to sign all documents necessary to submit and implement the grant.

Executive Summary: Black Rock Canyon Road, extending from Park Road to San Marino Drive, provides access to the Black Rock Campground inside Joshua Tree National Park. The road was not in the County's Maintained Road System at the time of incorporation, and the National Park Service is not authorized to maintain the road outside of the boundaries of Joshua Tree National Park. Therefore there has been no maintenance to Black Rock Canyon Road, which provides the only vehicular access to the campground.

The Federal Lands Access Program was signed into law on July 6, 2012. Project applications are due by April 30, 2013, and applications must provide a minimum 11.47% non-federal match. The goal of the Access Program is to improve transportation facilities that provide access to, are adjacent to, or are located within Federal Lands. Approved projects will be funded over a 5-7 year period, beginning in federal fiscal year 2015 (October 2014). Access Program funds are intended for design, construction or reconstruction and are no intended for maintenance projects.

Discussion: The California Federal Lands Access Program (Access Program) is extending a funding opportunity for local entities for a variety of transportation projects that provide access to Federal lands. Town and National Park Service representatives have discussed alternative means of improvement Black Rock Canyon Road over a number of years, and the Access Program provides resources to accomplish that goal.

Within the Access Program structure, both Caltrans and National Park Service representatives have indicated that the Black Rock Canyon Road project is an eligible project, subject to the Town accepting the road into the Town's Maintained Road System following construction. The attached Resolution establishes the Town Council's commitment to that action.

Projects will be evaluated on the following criteria.

- Access, mobility and connectivity;
- Economic development;
- Facility condition;
- Safety; Funding, coordination and costs;
- Resource Protection

If the grant application is successful, precise dates for funding availability are not known at this time. The Program is designed to provide funding over a 5 to 7 year time frame. Project funding announcements are currently scheduled for August 2013.

Alternatives: Staff recommends no alternative actions.

Fiscal impact: A preliminary construction cost estimate has not been prepared at this time. A match in the range of \$60,000 to \$100,000 is projected to be required. This match will be provided from Measure I, Local Transportation Funds, or other restricted road revenues.

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF YUCCA VALLEY, CALIFORNIA, AUTHORIZING THE SUBMITTAL OF THE GRANT APPLICATION UNDER THE CALIFORNIA FEDERAL LANDS ACCESS PROGRAM FOR BLACK ROCK CANYON ROAD AND AGREEING TO ACCEPT BLACK ROCK CANYON ROAD INTO THE TOWN'S MAINTAINED ROAD SYSTEM IF THE GRANT APPLCIATION IS SUCCESSFUL AND FOLLOWING CONSTRUCTION OF THE GRANT FUNDED IMPROVEMENTS

WHEREAS, Black Rock Canyon Road serves as the primary access to Black Rock Canyon Campground within Joshua Tree National Park; and

WHEREAS, Black Rock Canyon Road is not within the Town's Maintained Road System; and

WHEREAS, the California Federal Lands Access Program provides funding opportunities to improve transportation facilities that provide access to Federal lands; and

WHEREAS, the California Federal Lands Access Program (Access Program) presents an exciting opportunity for state, county, and local entities to obtain funding for a variety of transportation projects accessing Federal Lands in the state of California; and

WHEREAS, the Town of Yucca Valley has identified Black Rock Canyon Road a prime candidate project for funding under the Access Program; and

WHEREAS, The Town Council of the Town of Yucca Valley, California, considers safe and convenient access to Joshua Tree National Park paramount to the Park's mission.

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF YCCA VALLEY, CALIFORNIA RESOLVES AS FOLLOWS.

SECTION 1: The Town Council authorizes the submittal of a grant application for

construction/reconstruction of Black Rock Canyon Road under the California Federal Lands Access Program, and authorizes the Town Manager to sign all documents necessary to submit and implement the

grant award if successful.

SECTION 2: The Town Council commits to providing the required 11.47% match

requirement in non-federal funds as required from Measure I, Local Transportation Funds (LTF) or other non-federal roadway restricted

special revenues.

SECTION 3: The Town Council agrees and commits to accepting Black Rock Canyon

Request for Project Applications California Federal Lands Access Program

The Federal Lands Access Program (Access Program) presents an exciting opportunity for state, county, and local entities to obtain funding for a variety of transportation projects accessing Federal Lands in the state of California. This new program was established by the Moving Ahead for Progress in the 21st Century (MAP-21), the new transportation authorization that was signed into law by the President on July 6, 2012, and was officially enacted on October 1, 2012. Project applications are now being accepted to develop a robust 5–7 year program of transportation projects (estimated program availability from \$71 to \$130 million). Preliminary engineering funding will be made available after the program selection process has been completed. Construction and construction engineering funding will become available in fiscal year 2015 and each succeeding fiscal year.

What is the purpose of the program?

The goal of the Access Program is to improve transportation facilities that provide access to, are adjacent to, or are located within Federal lands.

Who is eligible to apply?

Eligible applicants include State, county, tribal, or city government agencies that **own or maintain** the transportation facility.

What types of projects will be considered?

The Access Program supplements State and local resources for public roads, transit systems, and other transportation facilities, with an emphasis on Federal high-use recreation sites and Federal economic generators. Access Program funds are intended for design, construction, or reconstruction and <u>are not</u> intended for maintenance projects (e.g., crack sealing, chip seal, potholes, or drainage repair).

How do I submit a project application?

- 1. Complete the California Access Program Application found at http://www.cflhd.gov/programs/flap/ca/index.cfm
- 2. Obtain endorsement from the appropriate Federal Land Management Agency (FLMA)
- 3. Send your completed project application via E-Mail to cfl.planning@dot.gov

How will projects be evaluated?

For California, the Access Program is administered by the Federal Highway Administration (FHWA) through the Central Federal Lands Highway Division (CFLHD). MAP-21 mandates that decisions be made through California's Programming Decisions Committee (PDC) in cooperation with the respective Federal Land Management Agencies. The PDC consists of three representatives: (a) FHWA; (b) the State DOT; and (c) a "representative of any appropriate political subdivision of the state." The PDC will review project applications and rank them based on weighted selection criteria developed by the PDC. The selection criteria are reflective of needs in the state of California and Federal regulations and guidelines.

Members of the California PDC include:

- Mr. Ryan Tyler, Planning and Programs Branch Manager, FHWA CFLHD (or designated representative);
- Ms. April Nitsos, Division of Local Assistance, CALTRANS (or designated representative); and
- Mr. Patrick DeChellis, California Association of County Engineers (or designated CACE appointee).

The California PDC will solicit project applications with the intent of developing a 5 to 7 year program. **Applications will be due by April 30, 2013.** Applicants must be prepared to address the match requirements (11.47%) and have the support of the pertinent Federal Land Management Agencies.

Preference will be given to those projects which provide access to **Federal high-use recreational sites** or **Federal economic generators**. Projects will be evaluated on the following criteria:

- Access, mobility and connectivity;
- Economic development;
- Facility condition;
- Safety;
- Funding, coordination and cost; and
- Resource protection.

Project selection resides with the PDC. The PDC will select a balanced program made up of a range of projects with a mix of larger and smaller construction values to balance the applicant's needs with the available funding. The PDC will make its final decision based on the project proposals ability to meet the aforementioned criteria as well as project support, project readiness, agency priorities, applicant's share of project costs, availability of funds, project development delivery schedules, previous Federal investment and environmental and right-of-way time constraints.

Attachment (Project Application)

General Information:

The Programming Decisions Committee (PDC) of the California Access Program will review project applications and rank them based on weighted selection criteria developed by the PDC. The selection criteria are reflective of needs in the state of California and Federal regulations and guidelines.

It is important to note that the top ranked project is not guaranteed funding and the approved list of projects will be agreed upon by the PDC. Project approval resides with the PDC. The PDC will select a balanced program made up of some large projects with smaller projects used to maximize funding and address critical needs. Access Program funds are eligible for design, construction, or reconstruction and are not intended for maintenance (chipseal, potholes, etc.) projects. This Call for Projects will program approximately \$135 million from 2015-2019 depending on program needs.

Access Program projects require a non-federal match of 11.47%. By submission of an application you are acknowledging the match requirement and indicating that funds are available. If the project is selected you will be expected to enter into an agreement for the completion of project scoping by Central Federal Lands that will result in a more accurate project scope, schedule and budget. If the PDC and the applicant agree with the project scope and cost then an agreement for the project will be executed with the applicant.

Instructions:

Applications must be received by **April 30, 2013** to be considered.

- 1. All project applications must be submitted using the California Access Program Project Application form. Complete the project application to the best of your ability. It is the responsibility of the entity proposing a project to supply the necessary information to complete the project application. It is understood that data may not be available for all of the project application questions, but the agency may use anecdotal information as a substitute. If possible, please keep this form as a writable PDF form, this makes it easier review your application
- 2. Complete Project Application Signature Pages.
- 3. Email your completed application package to cfl.planning@dot.gov

If you are considering this application for your project and would like assistance in completing this form, contact:

TOWN COUNCIL STAFF REPORT

To:

Honorable Mayor & Town Council

From:

Shane Stueckle, Deputy Town Manager

Alex Qishta, Project Engineer

Date:

April 12, 2013

For Council Meeting: April 16, 2013

Subject:

Town-Wide Slurry Seal Project – Town Project No.8340

Approval of Plans and Specifications
Authorization to Advertise for Construction

Prior Council Review: The Town Council approved the Measure I 5-Year Plan on July 17, 2012.

Recommendation: That the Town Council adopts the Resolution, approves the plans and specifications for Project No. 8340, and authorizes the Town Clerk to advertise and receive bids.

Executive Summary: Town Council authorization to advertise construction of capital projects is sought prior to staff proceeding with the advertising process. The bidding period for this project concludes on May 28, 2013. Bid recommendations will be made to the Town Council in June 2013, with the project construction commencing in July 2013.

Discussion: The Town Wide Slurry Seal Project is an annual maintenance effort that is a part of the Town's overall pavement maintenance program. The annual maintenance effort is implemented to extend the lifetime of the roadway pavement throughout the Town prior to roads deteriorating to the degree where road reconstruction is necessary. The annual slurry seal project generally consists of applying a Type II Slurry Seal to the roadway, as well as replacement of obliterated traffic striping and damaged Raised Pavement Markers (RPM's).

The candidate streets for this year are presented in Attachment A. Engineering staff has selected locations for slurry seals and cape seals for the annual maintenance effort in conjunction with the annual review of the Pavement Management Program, field inspections, and the adopted Measure I 5-Year Plan. The listed streets are included in the Draft 2013-2014 Capital Projects Budget that will be presented to the Town Council for adoption in June 2013. Any necessary update to the Measure I 5-Year Plan will be presented simultaneously with the FY 2013/2014 Capital Projects Budget.

Town and Hi Desert Water District representatives met to discuss agency projects and to coordinate street and waterline replacement work. While some of the slurry seal projects are located within Phase I of the wastewater collection system, the maintenance program is necessary to keep the selected roadways from further deterioration. No reconstruction projects are included in this program.

Project Plans & Specifications are on file in the Town Clerk's Office for review.

Alternatives: Staff recommends no alternative actions. The timing of this project is structured for construction to commence at the conclusion of the 2012/2013 school year and to be completed prior to the start of the 2013/2014 school year.

Fiscal impact: The 2013/2014 Town-wide slurry program is designed around a \$400,000 budget. Annual revenues for Fund 524 are estimated at \$650,000. Town staff are not recommending obligating all the Measure I funding towards slurry seal in this budget cycle due to the magnitude of construction projects moving forward (TCRP, PLHD, Safe-Routes-To-Schools, Dumosa signal improvement).

Further, staff cautions the Town Council that this level of investment in preventative maintenance is <u>inadequate</u> to prevent further deterioration of the Town's maintained road infrastructure. Without additional resources committed to preventative maintenance activity, the Town's deferred infrastructure maintenance backlog will grow from its current level of over \$15 million. Staff presented to the Town Council previously that an investment of \$750,000, in addition to the annual Measure I funding, is required **annually** to adequately address road maintenance for the community.

RESOLUTION NO.

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF YUCCA VALLEY, CALIFORNIA, APPROVING THE PLANS AND SPECIFICATIONS FOR THE CONSTRUCTION OF THE 2013/2014 TOWN WIDE SLURRY SEAL IN SAID TOWN AND AUTHORIZING AND DIRECTING THE TOWN CLERK TO ADVERTISE AND RECEIVE BIDS

WHEREAS, it is the intention of the Town of Yucca Valley to construct certain improvements in the Town; and

WHEREAS, the Town has prepared plans and specifications for the construction of certain improvements.

NOW, THEREFORE, THE TOWN COUNCIL OF THE TOWN OF YCCA VALLEY, CALIFORNIA, RESOLVES AS FOLLOWS.

SECTION 1: The plans and specifications presented to the Town Council are hereby

approved as the plans and specifications for: 2013/14 TOWN WIDE

SLURRY SEAL, PROJECT NO. 8340

SECTION 2: The Town Clerk is hereby authorized and directed to advertise as required

by law for the receipt of sealed bids or proposals for doing of the work specified in the aforesaid plans and specifications, which said advertisement shall be in form and content as approved by the Town Attorney and a copy of this Resolution shall be contained in each

specification package for the work.

"NOTICE INVITING SEALED BIDS OR PROPOSALS"

Pursuant to a Resolution of the Town Council of the Town of Yucca Valley, directing this notice, **NOTICE IS HEREBY GIVEN** that the said Town of Yucca Valley will receive at the Office of the Town Clerk in the Town Hall of the Town of Yucca Valley, on or before the hour of 3:00 P.M. on the MAY 28, 2013 sealed bids or proposals for the construction of:

2013/14 TOWN WIDE SLURRY SEAL, PROJECT NO. 8340

Bids will be opened and publicly read immediately thereafter.

Bids must be made on a form provided for the purpose, addressed to the Town of Yucca Valley marked: Bid for Construction of:

2013/14 TOWN WIDE SLURRY SEAL, PROJECT NO.8340

PREVAILING WAGE: Notice is hereby given that in accordance with the provisions of California Labor Code, Division 2, Part 7, Chapter 1, Articles 1 and 2, the Contractor is required to pay not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the public work is performed, and not less than the general prevailing rate of per diem wages for holiday and overtime work. In that regard, the Director of the Department of Industrial Relations of the State of California is required to and has determined such general prevailing rates of per diem wages. Copies of such prevailing rates of per diem wages are on file in the office of the Town Clerk, 57090 29 Palms Highway, Yucca Valley, California, and are

available to any interested party on request. The Town also shall cause a copy of such determinations to be posted at the job site.

Pursuant to Labor Code § 1775, the Contractor shall forfeit, as penalty to the Town, not more than fifty dollars (\$50.00) for each laborer, workman, or mechanic employed for each calendar day or portion thereof, if such laborer, workman, or mechanic is paid less than the general prevailing rate of wages hereinbefore stipulated for any work done under the contract, by him or by any subcontractor under him, in violation of the provisions of said Labor Code.

In accordance with the provisions of § 1777.5 of the Labor Code, as amended, and in accordance with the regulations of the California Apprenticeship Council, properly indentured apprentices may be employed in the prosecution of the work.

Attention is directed to the provisions in §§ 1777.5 and 1777.6 of the Labor Code concerning the employment of apprentices by the Contractor or any subcontractor under him.

- § 1777.5, as amended, requires the Contractor or subcontractor employing tradesmen in any apprenticeable occupation to apply to the joint apprenticeship committee nearest the site of the public works project and which administers the apprenticeship program in that trade for a certificate of approval. The certificate will also fix the ratio of apprentices to journeymen that will be used in the performance of the contract. The ratio of apprentices to journeymen in such cases shall not be less than one to five except:
 - A. When employment in the area of coverage by the joint apprenticeship committee has exceeded an average of 15 percent in the 90 days prior to the request for certificate, or
 - B. When the number of apprentices in training in the area exceeds a ratio of one to five, or
 - C. When the trade can show that it is replacing at least 1/30 of its membership through apprenticeship training on an annual basis statewide or locally, or
 - D. When the Contractor provides evidence that he employs registered apprentices on all of his contracts on an annual average of not less than one apprentice to eight journeymen.

The Contractor is required to make contributions to funds established for the administration of apprenticeship programs if he employs registered apprentices or journeymen in any apprenticeable trade on such contracts and if other contractors on the public works site are making such contributions.

The Contractor and subcontractor under him shall comply with the requirements of §§ 1777.5 and 1777.6 in the employment of apprentices.

Information relative to apprenticeship standards, wage schedules, and other requirements may be obtained from the Director of Industrial Relations, *ex-officio* the Administrator of Apprenticeship, San Francisco, California, or from the Division of Apprenticeship Standards and its branch offices.

Eight (8) hours of labor shall constitute a legal day's work for all workmen employed in the execution of this contract and the Contractor and any subcontractor under him shall comply with and be governed by the laws of the State of California having to do with working hours as set

forth in Division 2, Part 7, Chapter 1, Article 3 of the Labor Code of the State of California as amended.

The Contractor shall forfeit, as a penalty to the Town, twenty-five dollars (\$25.00) for each laborer, workman, or mechanic employed in the execution of the contract, by him or any subcontractor under him, upon any of the work hereinbefore mentioned, for each calendar day during which said laborer, workman, or mechanic is required or permitted to labor more than eight (8) hours in violation of said Labor Code.

Contractor agrees to pay travel and subsistence pay to each workman needed to execute the work required by this contract as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Labor Code § 1773.8.

The bidder must submit with his proposal cash, cashier's check, certified check, or bidder's bond, payable to the Town for an amount equal to at least ten percent (10%) of the amount of said bid as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him, and in event of failure to enter into such contract said cash, cashier's check, certified check, or bond shall become the property of the Town.

If the Town awards the contract to the next lowest bidder, the amount of the lowest bidder's security shall be applied by the Town to the difference between the low bid and the second lowest bid, and the surplus, if any, shall be returned to the lowest bidder.

The amount of the bond to be given to secure a faithful performance of the contract for said work shall be one hundred percent (100%) of the contract price thereof, and an additional bond in an amount equal to one hundred (100%) of the contract price for said work (except as otherwise modified in the General Provisions section of the contract documents) shall be given to secure the payment of claims for any materials or supplies furnished for the performance of the work contracted to be done by the Contractor, or any work or labor of any kind done thereon, and the Contractor will also be required to furnish a certificate that he carries compensation insurance covering his employees upon work to be done under contract which may be entered into between him and the said Town for the construction of said work.

No proposal will be considered from a Contractor who is not properly licensed as required by the Notice Inviting Bids at time of bid in accordance with the provisions of the Contractor's License Law (California Business and Professions Code, § 7000, et seq.) and rules and regulations adopted pursuant thereto or to whom a proposal form has not been issued by the Town.

The work is to be done in accordance with the profiles, plans, and specifications of the Town of Yucca Valley on file in the Office of the Town Clerk. Copies of the plans and specifications will be furnished upon application to the Town and payment of \$25.00, said \$25.00 is nonrefundable.

Upon written request by the bidder, copies of the plans and specifications will be mailed when said request is accompanied by payment stipulated above, together with an additional non-reimbursable payment of \$15.00 to cover the cost of mailing charges and overhead.

The successful bidder will be required to enter into a contract satisfactory to the Town.

In accordance with the requirements of the General Provisions, as set forth in the Plans and Specifications regarding the work contracted to be done by the Contractor, the Contractor may, upon the Contractor's request and at the Contractor's sole cost and expense, substitute authorized securities in lieu of moneys withheld (performance retention).

The Town of Yucca Valley reserves the right to reject any and all bids.

ADOPTED AND APPROVED this 16th day o	f April, 2013.
