Discussion

Applicant: Bonne Watters
Address: 8820 San Vicente Drive
APN: 0588-682-04
Zoning: Single-family Residential (RS-2)
Parcel Size: 0.45 acres

The applicant proposes to destroy one (1) western Joshua Tree. The western Joshua Tree is believed to have died from natural causes. A dead branch has also fallen from the tree and is within 30 feet of an existing structure, and in the consulting desert native plant specialists opinion, the tree is dead and may pose a health and safety threat to the residents and should

be removed at the owners discretion.

Section 9.56.070 of Ordinance 291 requires photos, descriptions of the trees, and a letter from the applicant's arborist; which are attached to this report.

Section 9.56.130 states:

The Planning Commission may issue a permit to authorize either the removal of a dead western Joshua tree or the trimming of a western Joshua tree. The proponent or its agent may remove a detached dead western Joshua tree or detached limb of a western Joshua tree. All other removals and all trimmings of western Joshua trees authorized by permits issued pursuant to this subsection may be completed by a desert native plant specialist. Planning Commission may issue a permit in accordance with this section without payment of mitigation fees, provided that the dead western Joshua tree or the limb(s) to be removed:

- (1) Has fallen over and is within 30 feet of a structure; or*
- (2) Is leaning against an existing structure; or*
- (3) Creates an imminent threat to public health or safety.*

Alternatives

Staff recommend no alternative actions. The application is consistent with the Town's adopted standards.
