

CERTIFICATE OF COMPLIANCE APPLICATION AND INFORMATION OUTLINE

This outline provides you with information on how to apply for a Certificate of Compliance. We hope that the information will be beneficial in instructing you on what information is required and what steps must be taken to review your application. The more thorough and complete the application submitted to the Town, the better we are able to serve you and help you achieve your goals.

Included is the **Certificate of Compliance Application**. Should you have any questions, please contact the Planning Division at (760)369-6575 x317. The Planning Division is located in the Community Development/Public Works Department building at 58928 Business Center Drive off of Indio and Yucca Trail, north of the Monterey Business Center. What is a Certificate of Compliance?

The purpose of a Certificate of Compliance is to provide landowners and subsequent purchasers with a record of the Town's determination that a parcel was legally created. This process is governed by the State Subdivision Map Act (Government Code Section 66499.35). Although a Certificate of Compliance certifies the legality of the parcel, it neither ensures that it is a buildable parcel, nor entitles the parcel owner a construction permit or other development permits or approvals. To obtain a construction permit or other land use approval for the parcel, the owner must complete the appropriate application process and meet all existing regulations. If the Town determines that the parcel was created in compliance with the provisions of the Subdivision Map Act and local ordinances at the time of its creation, a Certificate of Compliance is issued. If the parcel was not created in compliance with those provisions, a Conditional Certificate of Compliance is issued. The conditions which must be satisfied before issuance of any permit or other approval will typically be the same as those that would have been applied if the parcel had been legally created using the land division process.

A completed application form signed by all involved property owners, plat maps, proposed and existing legal descriptions, certificate of compliance and fees must be submitted.

Who reviews a Certificate of Compliance?

Certificate of Compliance Applications are reviewed and approved by staff. Upon a determination by staff that the proposed Certificate of Compliance meets all the requirements of approval or conditional approval, the Town will forward the Certificate of Compliance to the San Bernardino County Recorder for recordation.

It is the property owners' responsibility to record revised grant deeds for each new parcel created to perfect such new parcel(s).

Should you have any questions or need assistance in filling out the application, please contact the Community Development Department at (760) 369-6575, Monday thru Thursday 7:30 am to 12:00 pm and 1:00 pm to 5:30 pm.

Hazardous Waste and Substance Sites

Government Code Section 65962.5 requires each applicant for any development project to consult the State List of Hazardous Waste and Substance Sites. Based upon the list, the applicant/representative is required to submit a signed statement to the Town of Yucca Valley indicating whether the project is located on a site which is included on the list before the Town accepts the application as complete. If the project is listed by the State as a hazardous waste or substance site, the applicant must fully describe on the "Environmental Information Form" the nature of the hazard and the potential environmental impact. Attached is a standard statement for the applicant to sign.

The State list of Hazardous Waste and Substance Sites (which is annually updated) may be reviewed at the following web site address:

http://www.dtsc.ca.gov/SiteCleanup/Cortese_List.cfm

Attachment: Hazardous Waste Site Statement

HAZARDOUS WASTE SITE STATEMENT

I have been informed by the Town of Yucca Valley of my responsibilities, pursuant to California Government Code Section 65962.5, to notify the Town as to whether the site for which a development application has been submitted is located within an area which has been designated as the location of a hazardous waste site by the Office of Planning and Research, State of California (OPR).

I am informed and believe that the proposed site, for which a development application has been submitted, is not within any area specified in said Section 65962.5 as a hazardous waste site.

I declare under penalty of perjury of the laws of the State of California that the foregoing is true and correct.

Property Plot Map Checklist

The Property Plot Map must be drawn on the sheet provided in this application packet. This sheet consists of two sections. The upper map portion is to include your drawing, in black ink, at an accurate scale appropriate to show all the details of your proposed lots. The scale you use should be a standard engineering scale (1 inch equals 10 feet, 20 feet, 30 feet, 40 feet, 50 feet or 60 feet) or one of these increased by a multiple of ten (e.g. 1 inch equals 20 feet, 200 feet or 2,000 feet) so that the parcel fits neatly within the space provided. (See attached sample property plot map as a guide.)

MAP PORTION

1. Map should be drawn so that “north” is to the top of the Property Plot Map Form. Write the scale of the plot map under the north arrow provided.
2. Delineate the location and dimension the lengths and widths of the following:
 - A. Existing property lines for each lot or parcel. Existing lot lines that will not remain should be shown as a dashed line with appropriated property “hooks” to show land consolidations.
 - B. Revised lot lines proposed by this application to create new or revised lots.
 - C. Existing right of ways for all abutting streets. Also include names.
 - D. Any new right of way dedication shall be shown. Actual dedication shall be made by a separate instrument.
 - E. Existing street and drainage improvements including curbs, gutters, sidewalks and paving widths.
 - F. All existing and proposed easements for drainage, public utilities, access or encroachments.
 - G. All underground structures including septic tanks, leach lines, seepage pits, storm drains and wells.
 - H. All existing structures. In addition to dimension of structures, indicate the distances between structures and between each structure and the nearest existing or proposed property line. Also indicate the use of each structure and any that are to be removed.
